## New Spring Suits With Style That Stays

What good is a suit of Clothes with a lot of style if the style don't stay?

A stylish for one day isn't what a man expects when he pays from eighteen to thirty-five dollars for the suit. There is no one of the many good features about Northcott's clothes more important than the style feature and that it stays throughout the life of the suit.

### OLIOVILLE.

The fruit crop in this part of the country will be very light. The caterpillars are increasing so rapidly and becoming so destructive to all fruit trees that if the farmers do not make a united effort to exterminate them, ere long orchards will be a thing of the past.

Roads here are in a very bad condition, in fact in places, almost impassable.

Mrs. Bertie Frasher has been confined to her room for several days and while her condition is not alarming her friends think her recovery is not as speedy as it should be.

Little Madge Wray Cunningham has been on the sick list for several days, but her condition is now very much improved.

Misses Hattie Webb, Ollie Jordan and Stella Cunningham, chaperoned by Prof. Ratcliff, were at Polley's Chapel Sunday.

H. A. Ratcliff and Isaac Cunningham were in Louisa Tuesday.

The infant child of Mr. and Mrs.

Milton Watson is very sick.

The "pale horse and his rider" entered the home of Mr. and Mrs. Dick Hall last Wednesday and took therefrom their fifteen months old baby. She had been a sufferer of whooping cough for some time, but the silver cord was loosened and little Nellie was ushered into the presence of our blessed Savior, where pain is unknown and where death can never come. She was laid to rest in the Watson grave yard surrounded by weeping friends. They need have no fear; Nellie is at rest.

### OUR NEIGHBORS.

At a recent meeting of the Salt Lick Board of Education, 5 per cent bonds were ordered to be issued toward building the new school building, recently voted for. Salt Lick. The new school is to open September the first.

Joe Bentley, the man who was injured by a falling log Friday at Harris' lumber camp on Keyes creek, died that evening at six o'clock. His arm was not amputated as was reported.

The deceased was a good, honest working man and is survived by his parents and brothers, who reside only a short distance up Carleton creek.

Owingsville, Ky., May 6. -- Col. Henry Harrison Ewing died today at 8:25 a. m. of paralysis, with which he was stricken a few weeks ago. Mr. Ewing was born in Bath county, 1836, and had lived here most of his life. He was one of the Commissioners of the Confederate Home at Pewee Valley. Mr. Ewing came from a prominent and well-known family of the South. When the Civil War began he joined Col. Tom Johnson's battalion of noted Kentucky riflemen and served with distinction.

Ashland, Ky., April 30.--In a quarrel that started over a friendly joke, Jim Dingess, of Greenup, to-day fought a duel in the streets of this city with his lifelong companion, John Stone, sending three bullets through his body, producing mortal wounds.

The two friends had been together all morning and had gone down town together. In the presence of a number of friends Stone made a humorous reference to Dingess. Quick as a flash Dingess drew a gun and began firing at Stone. Stone immediately poured a volley of lead toward Dingess, but he was hit with the first ball from Dingess' gun, breaking his arm.

Immediately after Stone fell bleeding at his friend's feet, the latter ran hastily out of town. Stone's brother has notified the authorities in all directions and Dingess' capture is momentarily expected.

Richmond, Va., May 2. -- Madened by excessive drink and cigars, William R. Pettus, son of C. R. Pettus, a telegraph operator at Olive Hill, Ky., started out this morning with the hallucination that he had been inspired by God in a dream to kill all who crossed his path. Before his purpose could be ascertained the man had murdered Lizzie Allen, a domestic in the home of Mrs. R. B. Kidd, with whom Pettus boarded. The woman's throat was slashed from ear to ear with a razor.

Pettus next attacked William H. Smith, his fellow workman, coming upon him from the rear and plunging the knife into his thigh before he could gather himself together to ward off the attack. Smith was desperately wounded, but it is thought that he will recover. Pettus was finally overpowered by the police. In jail he said that he killed two other men in Fulton this morning, but no reports of deaths have been made from that locality, and the authorities do not take much stock in the allegation.

The contract for the building of the bridge which is to connect this city with Julius, Ky., has been let and the work is to be commenced on the first of next month.

The bridge is to be built at Prichard-st., and the contract calls for

its completion by the first of September. The American Bridge Company, of Pittsburgh, was the successful bidder. The structure will have a channel span of 225 feet and will be supported by two piers and two abutments. The west side of the bridge will be used for street railway track, the foot-way being on the east side. The structure will cost approximately \$30,000.

The letting of the contract for this bridge makes it an assured fact that W. J. Williamson intends to boom "Julius" and that he is also serious about a street railway in the city. It is said that the promoters of this new town have in mind a scheme that will start things humming on the Kentucky side, if they are able to carry it through. This paper is preparing an article on the matter and in a few weeks will tell how Mingo county was formed to build a city and how a new county may be formed in Kentucky and another city, an extension of the West Virginia one built--Mingo Republican.

### THE IDEAL FAMILY LAXATIVE.

is one that can be used by the entire family, young or old, weak and strong, without any danger of harmful effects. It should have properties which insure the same dose, always having the same effect, otherwise the quantity will have to be increased and finally lose properties can be found in that old family remedy, Brandreth's Pills because its ingredients are of the purest herbal extracts, and every pill is kept for three years before being sold, which allows them to mellow. We do not believe there is a laxative on the market that is so carefully made. Brandreth's Pills are the same fine laxative tonic pill your grandparents used. They have been in use for a century and are sold in every drug and medicine store, either plain or sugar-coated.

### OF INTEREST

To All Suffering From Rheumatism, Kidney or Bladder Troubles.

For those who have Rheumatism, Kidney or Bladder trouble of any kind, or fear that they are predisposed to any of these diseases, Dr. George Edmund Flood, the specialist on rheumatic diseases, gives us permission to publish the following simple, but effective prescription, which he uses in his practice, and to which he attributes his remarkable success: Fluid Cascara Aromatic, half ounce; Concentrated Barkola Compound, one ounce; Fluid Extract Prickly Ash Bark, half drachm; Aromatic Elixir, four ounces. Mix by shaking in a bottle and take one teaspoonful after each meal and at bedtime.

Plenty of good pure water should be drunk in addition, so that the rheumatic poisons can be flushed from the system. Any druggist will put up the prescription or you may get the ingredients and mix them yourself. The prescription is inexpensive, agreeable to take and promising from such a successful specialist is worthy a trial.

## Nervous Indigestion

The action of digestion is controlled by nerves leading to the stomach. When they are weak, the stomach is deprived of its energy. It has no power to do its work. If you want permanent relief, you must restore this energy. Dr. Miles' Nervine restores nervous energy, and gives the organs power to perform their functions.

"For many years I was an acute sufferer from nervous indigestion; at times I was so dependent life seemed almost a burden. I tried all kinds of remedies and various physicians with little or no relief, until one night last summer I saw Dr. Miles' Nervine and Heart Cure advertised. I resolved to make one more trial, which I did in the purchase of one bottle of Nervine and one of Heart Cure. In a few days I began to feel better, which encouraged me so much that I continued the medicine until I had taken more than a dozen bottles. I am very much improved in every way. In body, mind and spirits alive. I make a special point to recommend the medicine, and that several persons have been benefited through my recommendations."

A. R. MELTON, Ashville, N. C.  
Dr. Miles' Nervine is sold by your druggist, who will guarantee that the first bottle will benefit. If it fails, he will refund your money.
